

# Transfer Student Success Center Transfer Planning Guide

### Secondary Education—B.S. Degree

College of Education

This transfer plan will help guide you in making the transition from community college to Wayne State University. <a href="https://coe.wayne.edu/admissions/undergraduate-advising.php">wSU</a> advisor to ensure you are taking the correct courses before transferring: https://coe.wayne.edu/admissions/undergraduate-advising.php

One of the main areas of focus for transfer students is the WSU **General Education Requirements.** These are classes in addition to courses within your major that are required to ensure fundamental skills and a well-rounded education. There are two ways that transfer students can meet these requirements:

#### Michigan Transfer Agreement (MTA)

A student whose community college transcript is endorsed as "MTA satisfied" has completed WSU's General Education Requirements. See here for specific MTA information and courses that qualify for MTA: https://catalog.hfcc.edu/degrees/gen-ed

### **Direct Course Equivalencies for each category**

- If you do not have an MTA endorsement, you can transfer the courses below to meet each requirement.
- Choose one from each category except for the Natural Scientific Inquiry, which requires two courses.
- Courses with an asterisk (\*) fall under more than one category, but these courses will fulfill only one category that would benefit the student most.
- Courses below may be part of the major requirements. See under Major Requirements on page 2.

### **College Requirements**

These courses are required for all students pursuing Secondary Education (certification to teach their chosen subject area in grades 6-12). Additional courses must be taken at WSU.

Wayne State Course	HFC Course
PSY 1020 (NSI)	PSY 131
PS 1010 (CIV or SI)	POLS 131
LFA 2330	HPE 142
Choose one:	
BIO 1030 (NSI)	No equivalent at HFC
BIO 1050 (NSI)	BIO 131
BIO 1500 (NSI) + 1501 (LB)	BIO 150
BIO 1510 (NSI) + 1511 (LB)	BIO 152
TED 2250	EDU 201

#### **Major Requirements**

In addition to the College specific requirements, students are required to successfully complete coursework for the teaching concentration of their choice. WSU Secondary Education offers specific teaching concentrations for grades 6-12 as below:

- Biology
- Chemistry
- Earth/Space Science
- Economics
- English
- History
- Integrated Science
- Mathematics
- Physics
- Political Science
- Social Studies

WSU also offers teaching concentrations in Bilingual-Bicultural Education, and English as a Second Language. If interested in obtaining certification in either of these subject areas, you would also need to complete coursework in one of the major teaching concentrations above. The English teaching concentration is strongly recommended with English as a Second Language.

The courses below are some of the requirements for that teaching concentration. Additional courses must be taken at WSU.

### **Transfer Credit Resources**

- <u>Transfer Equivalency Self-Service</u>: This tool displays how your earned credits will transfer into specific Wayne State degree programs. This tool provides an unofficial degree audit that indicates how your transfer credit is applied and which courses are still required to complete the degree.
- <u>Transfer Pathways</u>: The transfer pathways are agreements with Michigan community colleges that streamline the transfer credit process while providing a roadmap to earning your associate and bachelor's degrees.
- <u>Transfer Course Equivalency</u>: This tool allows you to research specific courses and how they transfer to Wayne State.
- Michigan Transfer Agreement (MTA): The MTA can be earned at any Michigan community college to satisfy the
  Wayne State general education requirements. Each community college has an MTA-approved course list of its
  own, so please refer to the list of courses that your respective community college has approved for MTA.

#### **Understanding Transfer Credit**

- What will transfer? All college-level classes from regionally accredited colleges with a grade of 2.0 (C) or above will transfer. There are no specific limits to the number of transfer credits. However, each academic program has specific requirements that must be satisfied which helps determine the best number of credits to transfer.
- **How will it transfer?** Courses transfer as the number of credits earned at the college where you took the class. This is true regardless of the number of credits the Wayne State equivalent course is worth. Each transferred course will match one of the following types of credits:
  - Equivalent credit matches a specific WSU course.
  - o **Department credit** transfer into the academic department without a specific WSU course match.
  - o **Elective credits** transfer as general or elective credit (GEN 1XXX or GEN 2XXX).

#### **Transfer Admissions Requirements**

To transfer to Wayne State, you must have at least 24 transferable credits of previous college work and a minimum 2.5 cumulative GPA from all higher education institutions you have attended. If you have completed an associate degree, you may be admitted with a cumulative GPA of 2.0 or better. Visit wayne.edu/apply to complete the university application.
